

JOB DESCRIPTION

JOB DETAILS			
Job Title:	Senior Energy Transition Adviser X 2	Location	London and Aberdeen
Reporting Line:	Energy Policy Manager	Date:	May 2023
Team:	Sustainability & Policy		
Organisational Vision and Mission			
<p>OEUK’s vision is... “Our vision is for a thriving UK powered by homegrown, affordable energy which is produced safely and sustainably. Our members boost the UK economy, unlock rewarding jobs and drive innovation”</p> <p>OEUK’s mission is “We proudly engage, inform and champion the sector and its people. We work with our members to deliver the UK’s energy needs”</p> <p>OEUK’S Shared Values “We are a diverse Community with the Courage to Champion positive Change”</p>			
Team Purpose and Objectives			
<p>To deliver a sustainable and competitive offshore energy sector driving the energy transition with the aim of achieving a net-zero future by 2050. Focussing on the provision of clean, sustainable, secure supplies of energy as part of a vibrant economy.</p> <p>We will work across industry, government and regulators to develop policies and regulation which drive a sustainable future making the most of our offshore resources to the benefit of the economy, supported by appropriate access to finance and a competitive fiscal regime. In doing so the team will drive the implementation of the North Sea Transition Deal (NSTD) in all its aspects to meet our carbon reduction obligations, economic growth and broader net-zero targets.</p>			
Job Purpose			
<p>As a member of the sustainability and policy team to support the offshore energy industry in its drive to deliver the energy transition, working with policy managers across OEUK to: -</p> <ul style="list-style-type: none"> • Achieve a meaningful reduction in the industry’s carbon footprint, monitoring current performance against agreed carbon reduction initiatives, • Validate strategies to facilitate delivery against the North Sea Transition Deal’s emissions reduction commitments, • Support industry projects to achieve the electrification of oil and gas production assets, • Respond on behalf of the industry to energy and industrial policy consultations, which support energy security, underpin economic growth and affordable energy, • Manage relationships with key relevant stakeholders in conjunction with the External Relations team in furtherance of sustainability objectives.
